# Care of the critically ill child

The National Confidential Enquiry into Patient Outcome and Death (NCEPOD) is collecting information at this doctor's surgery or hospital.

We are collecting information to see how care for children and young people who are seen in critical care or by critical care services during a hospital admission can be made better.

# About NCEPOD

We are a charity who work to make healthcare services better for the people who use them.

We do this by collecting information from people who have used healthcare services.

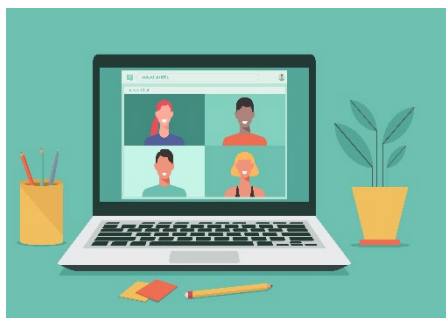

Our work has led to lots of positive changes in how healthcare is provided. or their parents or carers.

For this work we are asking for information from young people aged 0 to 18 and their parents or carers.

# How you can get involved

If you are aged 0 to 18 and have been seen by critical care services, or are a parent or carer of someone who has, you can:

- give us information by taking part in a group discussion.
- give us information by filling in an online survey.

To get involved and give us information please contact us by:

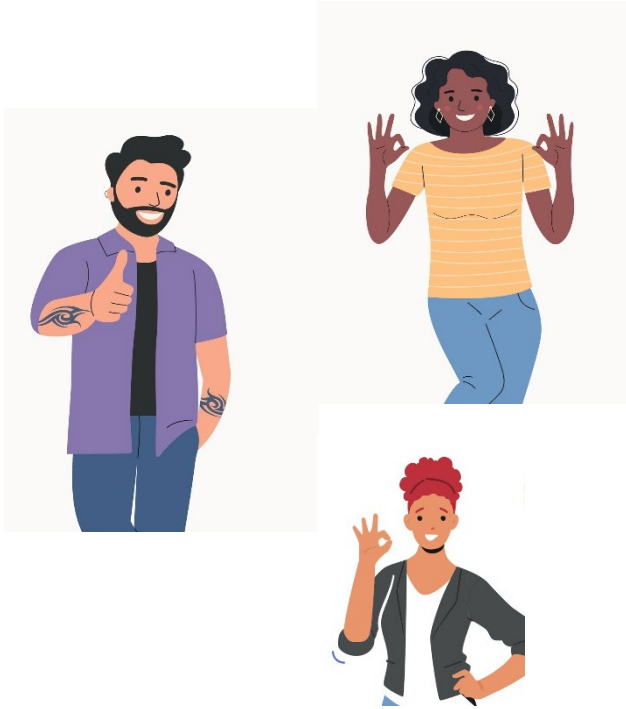

**post:** Ground Floor, Abbey House, 74-76 St John Street

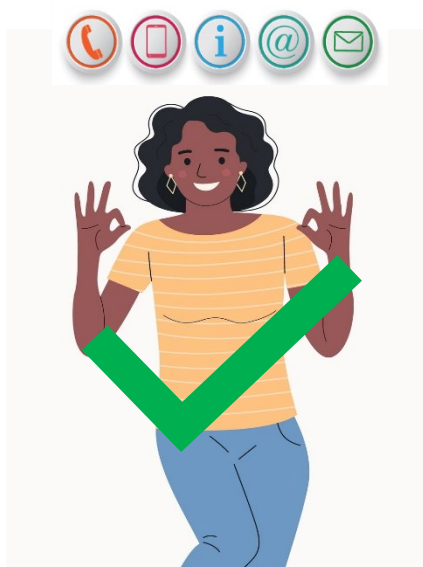

**Phone:** 0207 251 9060

**Email:**  
stabilisation@ncepod.org.uk

## Under 16s

If you are under 16 and want to give us information you must ask your parent or carer if it is okay.

A parent or carer can contact us to give us information for an under 16 year old.

# Keeping your healthcare information safe

We may use some of your healthcare information in our work.

We will keep your healthcare information safe and private until we finish our work.

We will then delete your healthcare information.

If you do not want your healthcare information to be used please tell us by:

**post:** Ground Floor, Abbey House,  
74-76 St John Street
